

## Rebate Requirements

PSEG Long Island offers a wide array of incentives and rebates for residential customers to help reduce their energy usage and lower monthly bills. For a limited time, residential customers can receive rebates from PSEG Long Island through the purchase of eligible ENERGY STAR® certified and other selected products and Ducted/ Ductless Non-Cold Climate Air Source Heat Pumps. Please refer to the below guidelines for rebate eligibility requirements:

### Requirements for **all** applications:

- Customer must have a valid PSEG Long Island residential account number
- All required documents must be uploaded in appropriate application section
  - Dated sales receipt/paid invoice
    - Must show manufacturer, model number, and price paid
  - Online Purchases require proof of delivery/proof of pickup receipt or the rebate will be denied
- Account service address and installation address on receipt must match to receive rebate (if applicable)
- A PSEG Long Island representative may contact the account holder to schedule an on-site verification of installed equipment
- A PSEG Long Island representative may request photos of the installed equipment and of the nameplate on the equipment. Photos of the nameplate must clearly show the model and serial number of the installed equipment.

### Additional Requirements for all **appliance** applications:

- Online rebate application must be completed within 45 days of purchase
- The rebate amount cannot be more than 50% of the retail purchase price paid
- Appliances must be ENERGY STAR or ENERGY STAR Most Efficient 2023 certified where designated

Additional Requirements **for non-cold climate air source heat pump** applications:

- Online rebate application must be completed within 90 days of purchase and installation
  - **Rebates are limited to every 5 years**
- AHRI Certificate must be provided

Additional Requirements for Solar Pool Cover

- To be eligible for a Solar Pool Cover rebate - Heat Pump Pool Heater should also be installed at the Customer site
  - Heat Pump Pool Heater can be installed at the same time or must have been previously rebated through the PSEG Long Island program
